

DANIEL & PHYLLIS

Definitely it cannot be, when I was first asked  
About what is going on between us  
Nonchalantly, we continue our acquaintance  
In the form of mostly meals and movies  
Experiences we have shared  
Longest time I have ever spent with A friend

&

Probably, the happiest moments of my life  
Having someone by my side, to laugh and cry  
Yawn and play  
Love and fight with, always  
Life will never be the same, from this day on  
In your eyes, I can see our future together  
Showered with idyllic love and comforting couplehood

A poem I wrote for our wedding and we printed it as an insert to go  
with our wedding card :)
